Annual report for HIF football club. Cover.

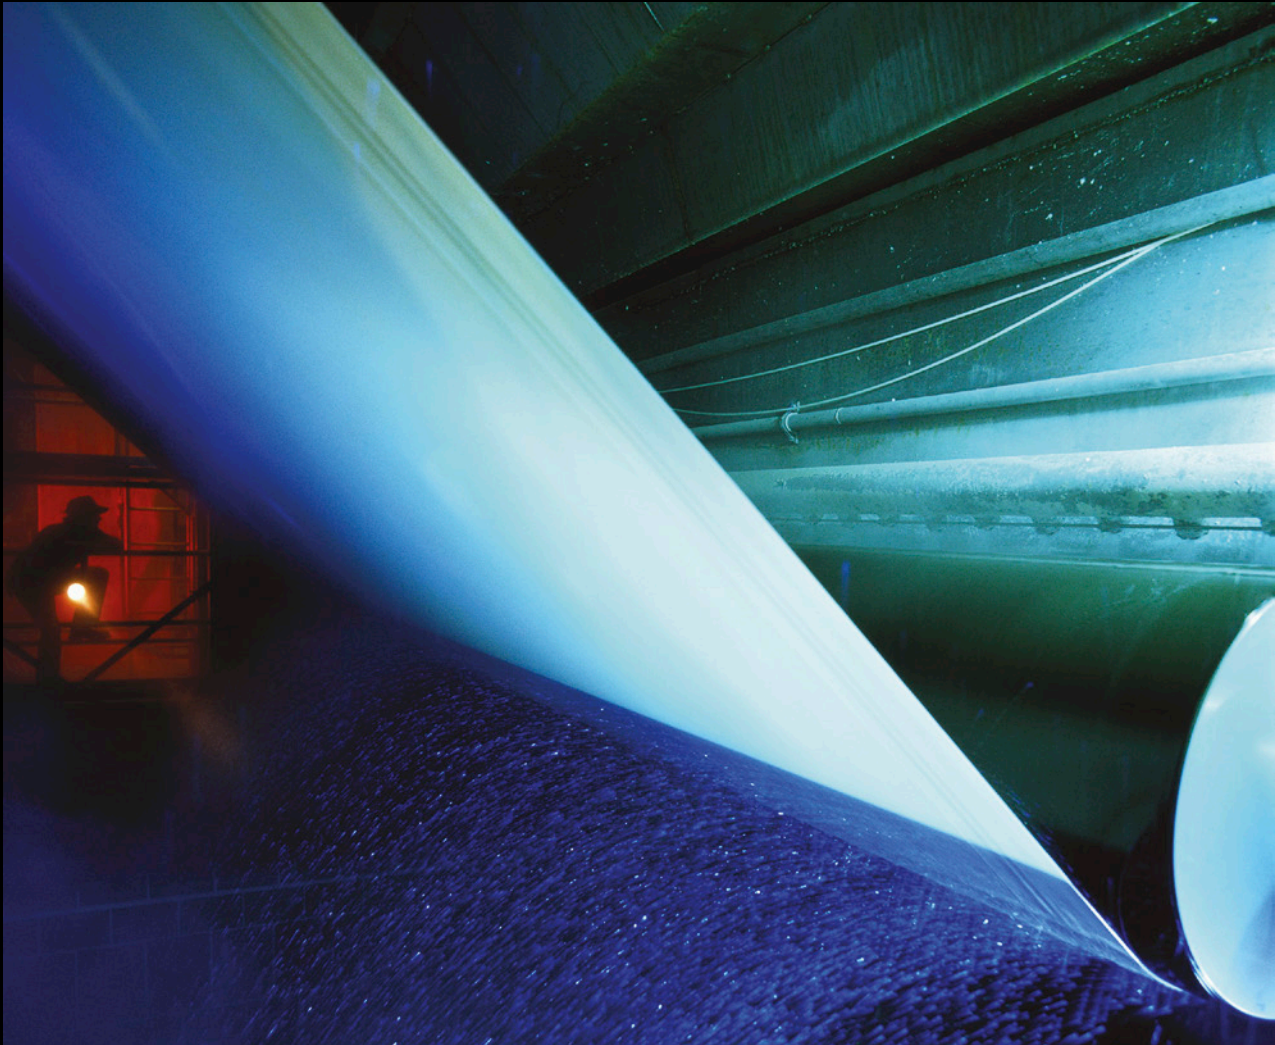

Oljan som klarar pressen

När 50 000 morgontidningar ska fram mellan 24.00 och 02.00. När allt bara måste fungera – och fungera perfekt. Då ställs det lika höga krav på oljan som på människor och maskiner. Total är marknadsledande på smörjolja för produktionsmiljöer där kraven är extremt höga. Våra kunder har helt enkelt inte råd att använda någon annan olja än den bästa. Och det får de.

Oljan som klarar en snabb vals

På moderna pappersbruk går valse med 400 varv i minuten. Det kräver ett väloljat maskineri – ett vanligt pappersbrott som stoppar produktionen en kvart innebär ett produktionsbortfall på sex ton. Total är marknadsledande på smörjolja för produktionsmiljöer där kraven är extremt höga. Våra kunder har helt enkelt inte råd att använda någon annan olja än den bästa. Och det får de.
